ADP APPOINTS NEW EXECUTIVE VICE PRESIDENT – CLIENT SERVICES

INCLINE VILLAGE, NEVADA: ADP is pleased to announce the appointment of Wayne M. Crane as Executive Vice President – Client Services. Mr. Crane brings a wealth of knowledge to ADP with over twenty-seven years experience in both commercial lending and consumer finance. Wayne's background includes time as a Bank Examiner with the FDIC, a Vice President of Commercial Lending at Bank One, over a decade of service with Carmel Financial Corporation, one of the leading consumer finance companies in the water conditioning industry as well as other financed products, and most recently was the Senior Vice President, New Business Development for Sterling Financial Services Company, a wholly owned subsidiary of Sterling Bancorp. While at Sterling Financial, Wayne supervised the aggressive growth of a rediscount portfolio providing lines of credit to direct or indirect consumer finance companies.

Mr. Crane's background in lending to both businesses and consumers, and his in-depth knowledge of our industry will improve the insight ADP needs to enhance its growth. Wayne's primary responsibility will be to manage present client relationships, increase ADP's market share in existing markets, and initiate new strategic initiatives to expand into additional consumer finance markets.

Wayne is a graduate of Indiana University, and lives just outside Indianapolis with his wife Kathy and their two children, Courtney and Jeff. He and his wife are very active in the community,

having founded the local girls synchronized swim team. Wayne serves as an Assistant Scoutmaster with the Boy Scouts, and serves on several local boards including being a Precinct Committeeman. Wayne will work out of our offices in Indiana.
